

Vicomtech is looking for somebody holding a Ph.D. degree in Computer Science or Engineering. Applicants would join an applied research centre with an international profile, dynamic environment and directly related to the INI-GraphicsNet, one of the most important networks in Computer Graphics, Visual Communication and Interaction technologies in the world.

Applicants should:

- hold a degree in Computer Science or Engineering,
- have working experience (appreciated),
- know basic Spanish,
- have writing skills (proposals are very often written both in English and, basically, in Spanish),
- be interested in investigating on multimedia technologies,
- be oriented towards working by objectives and have a proactive attitude,
- be used to carry out team-working,
- support the Digital Security leader in different activities.

Should anybody be interested, please send an email with your CV to: info@vicomtech.org (Ref. V3-SegInv)
