

CIC biomaGUNE – Vicomtech Joint Workshop

15.00 WELCOME BY MANUEL MARTIN LOMAS

15.05. Manuel Martín Lomas

General Presentation of CIC biomaGUNE

VICOMTECH PRESENTATIONS

15:10 J.FLOREZ /C.PALOC

General Presentation of Vicomtech

eHealth & Biomedical Applications Dpt

15.15 G. MACLAIR / I. MACIA

"Introduction to Medical Image Analysis / Applications of Vessel Analysis"

15:45 C. PALOC / F. BOTO

"Introduction to Biological Image Analysis / Application in 2D electrophoresis Gel Analysis"

16:15 I. BARANDIARAN / L. KABONGO

"Scientific Visualization for biomedical sciences/Applications using 3D animation and Volume Rendering"

CIC biomaGUNE PRESENTATIONS

16:45 SERGIO MOYA/RALF RICHTER/ ILYA REVIKINE - Biosurfaces Unit

"Soft matter nanotechnology and nanosafety " / "Microinterferometric imaging for the characterization of soft and highly hydrated films in aqueous environment" / " NO TITLE YET"

17:30 VALERY PAVLOV - Biofunctional nanomaterials Unit

"Bionalytical systems based on optical transduction"

17:45 MARCO MOLLER - TEM/SEM Unit

"Automated particle size measurements in TEM images"

18.00 JORDI LLOP- Molecular Imaging Unit

"Molecular and Functional Imaging"

18:15 COFFE - BREAK
